

Q&A for Request for Qualifications for Project Operator

1. Is this RFQ intended to solicit responses from one individual to act as the project coordinator, overseeing existing staff and grant activities or are you seeking organizations that would serve in a similar capacity as an OSO/Career Services provider?

- We are looking for an organization or single person that could provide the services described on the RFQ for this new project. Because it is a new project, we currently don't have existing staff, even though, the services are similar to OSY/Career Services.

2. Is there a budget (ballpark) for this project coordination?

- The maximum amount we are considering is \$249,999. The budget is one of the component that will be evaluated with your response along with your qualifications.

3. If it is single person, do you envision this being a full time position under contract and would it require that person to be on-site full time?

- At minimum, we recommend a full-time person that could work county-wide, at both jails, and at the local AJCCs. Please consider the deliverables mentioned on the RFQ.
